On the road there will be concept cars, great collectors' limited editions and the latest cars of car Companies, the same cars that will be on the Car Show's platforms. It will be a fully emotional experience, a journey in the driveability of each car which will begin among the crowd through the streets of Turin. This will be the prelude to the rise towards Turin hills and the amazing Basilica di Superga and the fun on high-speed-roads coming after the road slope.
